

Grant to the City of Detroit

Based on P.A 51 of 2001 Sec. 701, the State of Michigan, Department of State Police provides grant assistance to the City of Detroit to supplement the city's appropriation in the areas of special events and forensic science. This assistance is subject to the terms, conditions and limitations set forth in a letter of agreement between the two agencies.

The maximum amount of grant assistance appropriated is \$721,100 to be expended in the following manner: the Detroit Special Events Division may receive no more than \$289,700; and the City of Detroit Crime Laboratory may receive no more than \$431,400.

A report from the City of Detroit detailing special events and forensic science expenditures made from all available fund sources follows.

City of Detroit Expenditure Report

The following is a partial list of the special events that occur annually. The figures provided have been assessed based on the daily salaries of the Deputy Chiefs, Commanders, Inspectors, Lieutenants, Sergeants and Police Officers for calendar year 2001. Additionally, it should be noted that personnel expenditures due to normal staffing of patrol areas also apply; though they have not been included in this tally.
